**PRESS RELEASE**

22 JULY 2008  
8:00am PDT (USA)

**visionapp Closes Acquisition of iQurious as US Subsidiary**

AUBURN, CA—visionapp AG, the innovative leaders in application delivery management, today announced that its acquisition of iQurious Corporation has closed. visionapp has now incorporated iQurious into visionapp AG's subsidiary organization in the United States.

In the last 90 days, visionapp has gained more than 400 customers in the United States and Canada. This rapid growth convinced visionapp AG's Board of Directors to expand its presence in North America. The acquisition of iQurious Corporation, the exclusive distributor of visionapp in the United States since 2006, gives visionapp a stronger focus in North America and additional expertise in the industry. The new organization, visionapp NA, Inc, will be based in the Sacramento, California area.

visionapp NA will employ all iQurious employees, including two well-established industry experts: Rick Dehlinger, a Microsoft Most Valuable Professional (MVP) and Citrix Technology Professional (CTP), will be Chief Technology Officer, and Chuck Fritz, an experienced technology lifecycle executive, will be Chief Executive Officer. visionapp NA's Chairman will be Frank Roth, the managing director of global marketing and international sales at visionapp AG.

"visionapp's expanded presence in North America will be positive for Citrix customers," said Bill Burley, VP Product Management, Citrix Systems. "Citrix and visionapp are partnered to help customers deliver all Windows applications. The level of automation that visionapp provides for Citrix farms truly augments XenApp's management capabilities and helps reduce the cost of managing and delivering virtualized applications."

**About visionapp**

visionapp, the innovative leaders in application delivery management, offers products, professional consulting, technologies and services that enable the smooth and efficient delivery of applications. visionapp customers use proven technologies and a high level of automation to implement an efficient, centralized operation of their IT infrastructure.

The visionapp Group, headquartered near Frankfurt, Germany, has offices in the USA, UK, and Switzerland, with more than 150 employees worldwide.

Citrix® and XenApp™ are trademarks of Citrix Systems, Inc. and/or one or more of its subsidiaries, and may be registered in the U.S. Patent and Trademark Office and in other countries. All other trademarks and registered trademarks are property of their respective owners.
